Welcome to the Busy Girl Bath Bakery family!

You and your business are important to us. Please do not hesitate to contact us at any time with questions or problems via email at customerservice@bgbathbakery.com. We typically respond within the hour.

All of our products EXCEPT SOAP can be made to order, with a typical lead time of 3-5 business days. If you order any bar by the loaf, all other items in your order will ship within 3-5 business days and your soap will ship at a later date (see “Soap” below).

Please sign up to receive our newsletters, as we let our retail partners know about upcoming new items or holiday items in advance of their release.

WHIPPED BODY BUTTERS AND BALMS

Like fine chocolates, our balms and butters are heat-sensitive; therefore, our shipping policy for these items must be altered during the warmer months. From May – September, all Balms and Whipped Body Butters are shipped with thermal bags and cold packs via Priority Mail Monday-Wednesday. In most instances, this shortens the transit and helps avoid Packages being left in a hot warehouse or sorting facility over the weekend. While we do everything we can to ensure that our heat-sensitive products arrive in the same beautiful shape as when they left us, melting is a natural reaction to heat and we have no control over transit time or over conditions during transit and delivery.

Let us know if you'd like a different fragrance than what is available, as we have many options.

Body Butter Packaging

Our 4oz. Whipped Body Butters are packaged in glass jars* with white boxes and include a wood scoop. *There is currently a nationwide shortage on our preferred jars and we are actively sourcing replacements. Therefore, your jars and/or tops may differ slightly from one order to the next.

Our 1.25 oz. Whipped Body Butter Babies are packaged in recyclable plastic jars with white boxes and include a wood scoop.

Hand and Body Balm Packaging

Both Hand and Body Balms are packaged in reusable tins with tamper-evident shrink bands.

SOAP

All cold process soap requires a 4-6 week cure before it can be made available for use, and while we constantly replenish our inventory, we do sell out of popular bars from time to time. Because you will be purchasing directly from our current inventory at any given time, we cannot guarantee inventory; however, you may purchase any bar in bulk.

For retailers who want to purchase an amount over what is available from current inventory, or who want any soap in bulk, you may [PRE]order a minimum of 1 loaf. Please note that the number of bars yielded per batch differs based on the type of soap (12 bars or 15 bars). There is a 6-week lead time for all preorders.

Each soap has a loaf purchase option. To purchase a loaf, simply choose the number of loafs you want to purchase, add to your cart, and check out as usual. Your preordered loaf(s) will be created within 5 business days of your purchase and will be cut and placed on curing racks, where they will remain for 4 weeks. The bars will be shipped no sooner than 4 weeks after order and no later than 6 weeks after order. Postage will be calculated and paid at check-out and bars will ship at no further cost to you, even if our cost is increased.

Our soaps are separated into three categories: Handcrafted Soap, Artisanal Soap, and Sea Salt Soap.

HANDCRAFTED SOAP

Our handcrafted soap loaf must be preordered with a lead time of 6 weeks. Each loaf contains 15 bars [\$7 each MSRP] at a wholesale cost of \$52.50 [\$3.50 each].
